SUMMARY:

A Web Developer with about three years of experience, I bring a blend of technical expertise, creativity, and a strong commitment to delivering exceptional digital solutions. With a solid foundation in programming languages such as HTML, CSS, JavaScript, and React I have developed user-friendly websites that captivate audiences and drive engagements.

WORK EXPERIENCE

FRONTEND DEVELOPER

ZIDIO WEB DEVELOPMENT

January 2024 – April 2024

- Collaborated closely with designers to transform wireframes into visually stunning UI components using HTML, CSS, and JavaScript frameworks like React and Angular.
- Championed clean, modular code practices to ensure seamless integration and maintainability, while prioritizing cross browser compatibility and responsiveness.
- Expertly bridged frontend components with backend services and APIs, enabling dynamic data display and enhancing user interactivity.
- Demonstrated proficiency in version control systems like Git, ensuring codebase integrity and facilitating seamless collaboration within the team.
- Actively engaged in cross functional collaboration with backend developers, designers, and product managers to refine application requirements and drive continuous improvement.
- Committed to accessibility standards, ensuring inclusivity through semantic HTML, ARIA attributes, and keyboard navigation.

PROJECTS

ECOMMERCE WEBSITE

- Led the end-to-end development and launch of a fully functional ecommerce platform, integrating frontend technologies like HTML, CSS, and JavaScript with backend solutions powered by Node.js, Express.js, and MongoDB.
- Implemented secure payment gateways and collaborated closely with cross functional teams to align with business objectives and brand identity, resulting in seamless customer transactions.
- Maintained optimal website performance and security through diligent monitoring and updates using Git version control.

REAL ESTATE WEBSITE

- Designed and developed a responsive real estate website, leveraging HTML, CSS, and JavaScript to ensure compatibility across devices and screen sizes.
- Utilized PHP and MySQL for backend functionalities, integrating dynamic features such as property listings and search functionalities.
- Enhanced user experience with interactive mapping features powered by the Google Maps API, in collaboration with stakeholders from the real estate industry.

EASY BANKING WEBSITE

- Conceptualized and developed an intuitive Easy Banking Landing Page, prioritizing user-friendly design and navigation through HTML, CSS, and JavaScript.
- Implemented secure login features and encrypted data transmission protocols to safeguard user information, aligning closely with the bank's branding guidelines and messaging.
- Ensured optimal viewing experience across devices through responsive design principles and frameworks like Bootstrap.

LORUKI WEBSITE

- Spearheaded the development and deployment of the Loruki Website, showcasing proficiency in frontend technologies such as HTML, CSS, and JavaScript.
- Collaborated closely with designers and stakeholders to ensure alignment with branding guidelines and user experience goals.
- Leveraged backend technologies like Node.js and PHP for server side functionalities, with a focus on secure authentication mechanisms and encrypted data transmission protocols.

EDUCATION

LAGOS STATE UNIVERSITY.

LAGOS NIGERIA

BSc. Mechanical Engineering

SKILLS

TECHNICAL SKILLS

- Proficient in HTML, CSS, JavaScript, React.js, and Angular.
- Experienced with backend languages including Python, PHP, and Node.js.
- Familiarity with Express.js, Django, Flask, and Ruby on Rails for backend development.
- Skilled in version control systems like Git.

SOFT SKILLS

- Strong problem-solving abilities.
- Effective communication skills.
- Ability to work in cross functional environments.
- Effective time management.
- Commitment to continuous learning and staying updated with the latest web technologies and trends.

ACTIVITIES AND INTERESTS

- Active contributor to opensource projects, participating in coding challenges and hackathons.
- Engages in continued learning through workshops, online courses, and tech conferences.
- Initiates and executes personal web development projects to enhance skills and creativity.
- Actively participates in tech communities, meetups, and online forums.
- Publishes insightful blogs and articles on web development topics.
- Volunteers web development services for nonprofit organizations and community projects.
